FIRE FIVE SHOTS.

An Attempt Was Made on the Life of President Diaz, of Mexico.

FORTUNATELY NO HARM WAS DONE

Elias Toscano, the Would-Be Assassin, Was Seized by One of the Executive's Staff.

The Man Has a Bad Criminal Record and Was Recently Released From Prison Where He Served a Term For Homicide.

Guanajuato, Mex., Oct. 28.—Great excitement was caused here Tuesday by what looked like an attempt on the life of President Diaz, who was a guest of the state government during the festivities here. The president, his staff and guests were passing by the Oantador garden in a street car when a man of the lower class by the name of Elias Toscano approached the car shouting and fired five shots from a revolver at the car, fortunately doing no harm.

Pablo Escandon, of the president's staff, rushed out of the car and caught the man, wrenching the revolver from his grasp. The police took Toscano to prison. He is a man with a bad criminal record and was but recently released from prison at Granditas, where he had served a term for homicide. The matter will be investigated. One theory is that Toscano was drunk and another that he deliberately planned to shoot the chief magistrate. The president remained perfectly cool and was acclaimed by the crowd of citizens showing their joy at his escape.

Toscano's evil record makes the theory of a deliberate attempt at assassination appear probable.

The president has received the felicitation of the citizens and diplomatic corps here.

An attempt was made on the life of President Diaz December 16, 1897. He attended on that day the public celebrations in the City of Mexico of the anniversary of Mexican independence. During the festivities a man rushed towards him and evading all efforts made to check his progress reached the president's side and attempted to kill him. Great excitement prevailed but it was soon seen that the efforts of the murderer had been futile. President Diaz was not hurt. The assassin was at once arrested and thrown into prison. This attempted murder created much excitement and subsequently the assassin was dragged from prison by a mob and lynched.

Guanajuato is about 160 miles northwest of Mexico City. It is singularly situated in deep, narrow mountain defiles over 6,000 feet above sea level. It is formed of a number of villages located around the mines and has a population numbering 63,000.

HISTORIC FARNESE PALACE.

France Has Purchased It At a Cost of \$600,000.

Rome, Oct. 28.—France Tuesday completed the purchase of the famous and historic Farnese palace, which will be used as an embassy. The cost was \$600,000 and this sum was paid to the heirs of the two Sicilies branch of the house of Bourbon. In view of the value of the property this price is thought to be very low.

The Farnese palace is one of the finest in the world. It was begun by Pope Paul III., on designs by Sangallo, and its construction was continued under the direction of Michel Angelo. It was at one time offered for sale to the United States government for use as an embassy and consulate as well as an American archaeological school and an American school for classical studies.

MURDERED ON HIS DOORSTEP.

President of the Armenian Revolutionary Society Killed in London.

London, Oct. 28.—Sagatel Sagouni, president of the Armenian Revolutionary society, was murdered at the doorstep of his lodgings at Nunhead, an unpretentious little suburb of London, late Monday evening. The murder presumably was committed by a fellow Armenian recently from the United States. The assassination had a political motive and was characterized by a boldness to which London has seldom been treated. It created an unusual sensation here since it appears to have been only an incident in a long and bitter vendetta between two factions of Armenian revolutionists.

Death of Mrs. L. Q. C. Lamar.

Macon, Ga., Oct. 28.—Mrs. L. Q. C. Lamar, wife of a former justice of the supreme court of the United States, died at her home here Tuesday night.

HUNTER-EDWARDS DISPUTE.

The Matter Is Still Before the Kentucky Courts.

Frankfort, Ky., Oct. 28.—Appellate Judge Settle, before whom Dr. W. Godfrey Hunter entered a motion to dissolve a temporary restraining order granted to Mr. Edwards, his opponent for the seat of the late Congressman Boreing, to prevent county clerks of the district from placing his (Hunter's) name, on the ballot as the republican nominee, Tuesday afternoon overruled the motion as having been made prematurely, and also on the ground of lack of jurisdiction. Edwards' motion for an injunction will now be heard before Judge Faulkner, of the Clay circuit court, on Thursday next, and should it be granted, Dr. Hunter will appeal to Judge Settle to dissolve it. The state central committee of the republican party has been called to meet at Louisville on Wednesday to, if possible, settle the dispute within the party lines. Both Dr. Hunter and Mr. Edwards, who have been here for a day or two watching the court proceedings, left Tuesday night for Louisville, to attend the meeting of the party committee.

LIVED IN POVERTY.

But For Many Years a \$1,000,000 Estate Awaited the Woman.

Owensboro, Ky., Oct. 28.—Living in the flats of Panther creek and with the winters of 80 years on her head, Mrs. Nancy Short has received a message from England to the effect that she is heirless to money in the Bank of England and real estate amounting to over \$1,000,000.

Mrs. Short's grandfather, William Steele, died many years ago, and willed his vast estate and money in bank to her father. In the meantime, with her father, she had come to America. When the grandfather died efforts to locate William Steele, Jr., in this country proved futile until a few weeks ago, when Mrs. Short wrote to one of her relatives in England. It was then remembered that she was the rightful heir to the estate.

The proper steps have been taken to transfer the estate to Mrs. Short. Her father died several years ago.

COL. J. D. POWERS.

The Financier Recovering From Injuries Received in a Railway Accident.

San Francisco, Oct. 28.—Col. J. D. Powers, president of the United States Trust Co., of Louisville, Ky., and a member of the executive council of the American Bankers' association, is rapidly recovering from the injuries he sustained on the 17th by being accidentally thrown from a train at Reno, Nev. His shoulder was dislocated, three ribs were torn loose from his spinal column and his left leg was badly hurt. He has since been under treatment at the Southern hospital in this city.

Henry Wilkerson's Case Reversed.

Frankfort, Ky., Oct. 28.—The court of appeals Tuesday reversed the judgment of the Hart circuit court in the case of Henry Wilkerson, charged with murdering his wife with strychnine and sentenced to life imprisonment. The court here says the transcript contains no proof that Wilkerson is guilty of the crime, and orders a new trial for him.

The Motion Was Overruled.

Frankfort, Ky., Oct. 28.—A motion by the city of Frankfort, made before Judge Paynter, of the court of appeals, to reinstate an injunction granted and dissolved in the Franklin circuit court to restrain Zach Montgomery, a property-owner, from building a well on a piece of ground claimed to have been dedicated as a street, was overruled.

For Passing Counterfeit Money.

Georgetown, Ky., Oct. 28.—Officer Cummins arrested a man at the Southern depot shoving "queer" coin. The man gives the name of Fields. He was searched and counterfeit dollars and change were found. James Boude, Jr., found a sack in front of his yard containing 19 dollars in halves and dollars, all counterfeit.

Three Men Killed By a Train.

New York, Oct. 28.—Three men were killed on the tracks of the New York, New Haven & Hartford railroad Tuesday evening by a local train. Only one of the bodies was identified.

PANIC IN ST. LOUIS

Heavy Runs Were Made on the Savings Departments of Three Banks.

WAS STARTED BY A FALSE RUMOR

With a Rush the Corridors of the Institutions Were Filled With Men and Women.

When the Runs Started All Business Was Laid Aside and Every Facility Was Afforded For Prompt Payment of Deposits.

St. Louis, Oct. 28.—From shortly before 1 o'clock until the closing hour, 3 o'clock, Tuesday runs were made in the savings departments of three banks of St. Louis and at the same time more than the ordinary amount of withdrawals by savings depositors were noticeable in the other banking institutions. The run, so far as it can be traced, was started by a disquieting rumor from the outside that seemed to strike St. Louis shortly after noon, to the effect that the savings institutions here were unsound, and like a prairie fire it spread in a flash through the streets, and different mercantile establishments whose employees represent the majority of savings depositors. With a rush the corridors of the Lincoln Trust Co., the Mercantile Trust Co. and the Mississippi Valley Trust Co. were filled with men and women all eager to withdraw their money. The scene in any one bank was duplicated in the other two. A line of people with bank books in their hands and faces eagerly scanning the little barred windows of the bank tellers stretched out into the street, and intermingled were policemen and bank officials counseling calmness and giving assurances of solvency.

It is stated that the rumor that started the run came from Chicago and was to the effect that two directors of the Mississippi Valley Trust Co. had recently endeavored to negotiate a loan of \$2,000,000 in that city and had been refused. Tuesday this rumor was pronounced an absolute canard by the directors concerned.

As soon as the runs started all other business was laid aside and every facility was afforded for the prompt payment of deposits. The clauses which give the bank the privilege of withholding payment until 60 days after notification was waived and amounts were paid rapidly regardless of their size. There was no disorder manifested at any of the institutions and in many cases depositors who had hurried to withdraw amounts departed without their money, after having conversed a few moments with the officials and been made confident that the bank would continue to do business.

At the Missouri Trust Co. a number of depositors had collected to demand payment, but the crowd soon thinned out and before 3 o'clock the incipient run had ceased. Presidents of the different national banks assembled during the afternoon and issued a statement that the banks of St. Louis are all perfectly solvent and amply able to liquidate all demands.

All the banks closed at 3 o'clock, the usual closing hour, and gave out word that they will open Wednesday morning at the usual hour, 10 o'clock, and will meet all demands.

The directors of the different trust companies at meetings Tuesday night decided to enforce the 30 and 60 day notification clause Wednesday, and this, it is believed, will doubtless stop all tendency to a continuation of runs.

LEOPOLD J. STERN.

The Accused Is Held to the Grand Jury on \$5,000 Bail.

Washington, Oct. 28.—The preliminary hearing in the case of Leopold J. Stern, of Baltimore, indicted for complicity in postal frauds, was concluded in the police court and Stern was held in \$5,000 bail to await the action of the grand jury, which was furnished, and he was released. Judge Scott said he believed enough evidence had been adduced to authorize him to hold the defendant for the investigation of the higher tribunal. He commented on the statements made by the post office inspectors of the result of their conversations with Stern and the latter's claims that he had written authority for the non-furnishing of straps and then his failure to make good the claim by producing the document in question.

Guthrie, Okla., Oct. 28.—Keokuk, the oldest Indian in the Sac and Fox tribe, died at his home at the Sac and Fox agency, 12 miles north of Prague, Okla., aged 85 years. He was an unusually intelligent Indian and very religious, being a member of the Baptist church. Keokuk, Ia., was named for him, as was also Keokuk Falls, Okla.

FOR HIS FATHER'S CRIME.

Just Released After 26 Years Imprisonment, Though Innocent.

Berlin, Oct. 28.—A bricklayer named Burmeister, who has served 26 years in the penitentiary, though innocent of the crime for which he was sentenced, has just been released under singular circumstances. In 1877 Burmeister and his father undertook to commit a burglary at the house of a farmer at Densdorf, Schleswig-Holstein, and Burmeister's father in so doing shot and killed the farmer and his wife.

At the trial the son confessed that he fired the fatal shots. Both men were sentenced to death but a petition to the emperor secured a change in the sentences to imprisonment for life in the penitentiary. The father died in prison in 1896 and the son recently gave such a circumstantial narrative of his part in the affair that the authorities were convinced that he was not guilty. Burmeister claims his father fired the shots which killed the farmer and his wife, but that he, knowing his father had a black record and would certainly suffer death, took the guilt upon himself in order to save his father. Burmeister has now been liberated and has rejoined his mother, who is 90 years of age.

JAMES L. BLAIR'S CONDITION.

Attending Physicians Have Hopes of His Recovery.

St. Louis, Oct. 28.—The physicians attending James L. Blair, who has been in a very precarious condition since his fall down a flight of stairs at his home last Saturday evening, as the result of a physical collapse, was stated Tuesday night for the first time since the accident that Mr. Blair has now an even chance for recovery. During the early part of Tuesday the physicians had practically given up hope for their patient's recovery, but as the day progressed he began showing signs of improvement. At 6 o'clock Tuesday night his pulse, respiration and temperature were found to be normal and Dr. Homan stated that Mr. Blair was able to receive food, retain and assimilate it.

It is generally believed at the four courts that the grand jury has not secured sufficient evidence on which to base an indictment against Mr. Blair.

HORRIBLY BEATEN.

Prominent Chicago Union Man Attacked By Unknown Men.

Chicago, Oct. 28.—William Rossell, a member of the finance committee of the Chicago Federation of Labor and former business agent of the International Association of Machinists, is at his home suffering from an attack made upon him by four unidentified men. Rossell, after being drugged, was horribly beaten by the quartet, which then left him lying in a gutter for dead.

The circumstances of the attack are almost exactly similar to those surrounding the attack a few weeks ago on Michael Donnelly, president of the Amalgamated Meat Cutters and Butcher Workmen's organization.

The machinists union to which Rossell belongs has empowered its business agent to spare neither pains nor money to bring the perpetrators of the outrage on him to justice.

JUDGMENT REVERSED.

Orville Burnett, Alleged Murderer of Mrs. Nicholls, Gets New Trial.

Springfield, Ill., Oct. 28.—In the case of Orville Burnett, a Chicago dentist, who was convicted of murdering Charlotte S. Nicholls, and sentenced to 15 years in the Joliet penitentiary, the judgment of the trial court was reversed by the supreme court Tuesday and a new trial is ordered.

Burnett and Mrs. Nicholls, a southern woman, who had separated from her husband, were together in a Chicago hotel on the night of October 20, 1901. Mrs. Nicholls was down-hearted and she and Burnett agreed to suicide. They purchased poison, and after retiring the woman swallowed a sufficient quantity to cause death.

Opposed to Labor Unions.

Grand Rapids, Mich., Oct. 28.—The general conference of the Wesleyan Methodist church of America, in session here, passed resolutions stating that the church was not in favor of labor unions because they were secret societies.

A Joint Burned By a Mob.

Kansas City, Mo., Oct. 28.—A mob, composed of persons supposed to be members of a law and order league, burned to the ground a "joint" at Doddson, Mo., about 15 miles south of this city, after midnight Wednesday morning.

Bilbao, Spain, Oct. 28.—Martial law has been proclaimed here. All the trades have joined the strike and 40,000 men are affected. Railroad and street car traffic has been suspended.

RECORDS BROKEN.

Dan Patch Paced a Half Mile on the Memphis Track in 56 Seconds.

PRINCEALERTS RECORD WAS 57.1-2

Next He Went a Mile, to a Wagon, in 1:57.1-4, Lowering the Previous Record Two Seconds.

Major Delmar Was Sent to Lower His Record and Won—He Cut a Quarter of a Second From the Two Minute Mark.

Memphis, Tenn., Oct. 28.—Dan Patch (1:56.1-4) within 45 minutes elapsed time Tuesday afternoon smashed two world's records in succession on the track of the Memphis Trotting association. First he went against the world's half mile pacing record of 57.1-2 seconds, held by Prince Alert, and clipped a second and a half from the record, negotiating the distance in 56 seconds flat. Next he hung out a new world's record for a mile pacing to wagon, making the mile in 1:57.1-4, two seconds better than the time of 1:59.1-4, which he made at the recent meeting on the Lexington, Ky., track, the world's record until Tuesday afternoon.

Major Delmar, E. E. Smathers' two minute trotter, was also sent to lower his own record, and won. He cut a quarter of a second from the two minute mark, making the mile in 1:59.1-4. The quarter was made in 30 seconds; the half in 1:00, and three-quarters in 1:29.1-4.

In making the half mile trial against time Driver Myron McHenry started from the wire and breezed Dan Patch around to within a short distance of the half mile pole, where two runners to sulkies were picked up, the forward sulky carrying the customary canvas dust strip. The three horses swept by the pole and McHenry gave the signal that the trial was a go. Starter Newton dropped the red flag and the watches of the timers were set in motion to catch the new record for a half mile. The quarter was made in 28.1-4 seconds and the pacer dashed under the wire with the hands of the time watches sharp on the mark of 56 seconds. The demonstration from the grand stand was quite as enthusiastic as those which have been given Dan Patch when he set the mile record of 1:56.1-4, and Lou Dillon, when he negotiated a mile in 1:58.1-4, but it and the other noisy acclamations of the new champions were all eclipsed by the enthusiasm of the spectators when Dan Patch came upon the track to set a new wagon mark for the mile. With a few preliminary breezings before the grand stand the start was made with two runners as pacers and the magnificent son of Joe Patchen gave no sign of fatigue from his feat of lowering the record for half a mile. The quarter was made in 29.1-4; the half in 1:58.1-4, and the three quarters in 1:28. Under the wire the champion pacer dashed in 1:57.1-4 seconds, showing little effect from having smashed two records in a single afternoon. The pacer was driven by McHenry in the wagon trial.

PARLOR MATCHES.

A Crusade Against Their Sale and Use Started in Milwaukee, Wis.

Milwaukee, Wis., Oct. 28.—A movement has been started among city officials to abolish parlor matches. Chief Meminger, of the fire department, said Tuesday that he would ask the city attorney to prepare an ordinance prohibiting their sale or use and will submit the ordinance at the next council meeting. It is claimed by the fire chief that an average of one fire a week is caused by parlor matches. The measure is favored by the fire and police commission.

Howe, instructor in astronomy at Denver university, has discovered at the upper edge of the sun's disc a new group of sun spots as great in magnitude and importance, it is stated, as the group discovered by the scientists of the Washington observatory two weeks ago. The boy made his observations with a six-inch telescope in the observatory at University park in this city.

THE Dover Messenger says Hon. A. E. Willson "spoke to 2,000 people at Maysville." Nearer 200, B'er Curran. You couldn't crowd more than 600 in the court house.

WHATEVER William Goebel's faults may have been (and who is faultless?) life was as dear to him as it is to any of his defamers and traduers, and his assassins are as black hearted as any other assassins, therefore put the seal of condemnation upon the infamous and outrageous manner of his death by casting your vote against the party that virtually indorses it.

THAT WAR CLAIM.

The Republicans seem to be making their fight against Beckham on the commission paid Captain Calhoun for collecting Kentucky's war claim. If that's their strongest card they might as well quit the race. Capt. Calhoun was paid only \$3 per cent. for the collection of this claim, while other States paid such commissions as these: Maine 20 per cent.; Connecticut, 25 per cent.; Massachusetts, 10 per cent.; Vermont, 25 per cent.; Indiana, 10 per cent.; Pennsylvania, 10 per cent.; and West Virginia, another Republican State, has employed Calhoun, Kentucky's attorney, and contracted to give him twice as big a percentage as this State gave him.

It's fortunate Governor Beckham collected this war claim. If the Republicans had ever gotten their hands on it, you can bet the State wouldn't have fared so well.

GOOD MEN, AND TRUE

Are the Democratic Nominees
For Circuit Judge and Commonwealth's Attorney.

Judge Harbeson Noted For His Honesty and Impartiality—Mr. Slattery Qualified in Every Respect.

[Greenup Democrat.]

Judge Harbeson is too well known to the people of Greenup County and the rest of his Judicial district to need any verbose and flattering remarks from us, but we nevertheless want to write a few lines in regard to his career.

Judge Harbeson was born at Flemingsburg and was educated in law at the University of Louisville. He returned to Flemingsburg to practice law in 1859, but gave up his profession to serve as Captain of Company H, Sixteenth Kentucky volunteers, when the Civil war broke out, and served in the Union army until 1863, when he resigned, after having been promoted to the rank of Major, to resume the practice of law as a partner of Judge Thomas Marshall in Louisville.

He was appointed Judge of the Police Court of Louisville by Gov. E. T. Bramlette in 1866. He removed to Flemingsburg at the expiration of his term, and was elected County Judge. This office he resigned in 1892, when he was elected Circuit Judge, the term continuing till 1897. At the end of the term he was nominated to succeed himself, and in the election proved his personal popularity by running far ahead of his ticket.

Judge Harbeson has made a good record on the bench. He is popular among lawyers and his decisions have in a great majority of instances been approved by the Court of Appeals.

On the bench he is what you might call extremely impartial. There is probably not a man in his district that would hesitate to leave his case in the hands of Judge Harbeson, if he only desired justice.

Before the meeting of the convention that nominated Judge Harbeson last February, some writer stated that there was opposition to him on account of his partiality. Col. Thomas A. Davis, the able editor of the Maysville Public Ledger, the only Republican daily paper in the district, delivered himself as follows in regard to that accusation:

"This is the first time, so far as the Ledger knows, that Judge Harbeson has ever been charged with partiality to anything or anybody; and it is the testimony of his strongest political opponents that he has been uniformly just in all his decisions, no one ever having had the slightest ground to charge him with political or other bias."

We firmly believe that the good people of the district are going to re-elect Judge Harbeson because of their unshaken confidence in his honesty and impartiality on the bench. He has always demonstrated his capacity for the office, and friends irrespective of party have shown their confidence in him by voting for him and they will do so again.

Vote for Judge Harbeson for Circuit Judge.

FOR COMMONWEALTH'S ATTORNEY, THOMAS D. SLATTERY.

It will not be long until the people of the Nineteenth Judicial district have a man to serve in the capacity of Commonwealth's Attorney who is qualified in every respect for the office.

Thomas D. Slattery was born in Mason County about thirty-five years ago. His early chances were limited, but by his grit and perseverance he has come to the front until now he stands with the leaders at the Mason County bar, which now and has always ranked with the best in the State.

We can promise in advance for Mr. Slattery that he will always be at his post, and in condition for the proper discharge of his duties.

Not solely on account of his politics are we favoring Mr. Slattery's election; politics is a secondary consideration with all men who truly have the good of any community at heart; the overwhelming

KNIGHTS OF PYTHIAS.

Kentucky Grand Lodge Convened Tuesday in Lexington—Membership of Over 9,000 in This State.

Mr. John L. Chamberlain, 'Squire Fred Dressel and Mr. Sherman Arn left Tuesday morning as Representatives to the K. of P. Grand Lodge meeting, which is in session in Lexington.

The order has enjoyed a rapid growth in Kentucky in recent years. The State Grand Lodge held its first session in Louisville in 1870. At that time there were only eight subordinate lodges, and 462 members. In 1878 the order numbered 1,237, with twenty-seven lodges and thirty-three representatives. At the nineteenth session September 20-22, 1887, thirty-two lodges were represented by fifty-two representatives. The membership numbered then 2,064. The present is the thirty-fifth annual session of the Grand Lodge, and there are represented 133 subordinate lodges, with a membership of 9,000.

New lodges were instituted during the past year at Shannon, Oakwood, Mayslick, Wheatcroft, Morehead, West Liberty and Filmore. Several of these lodges have more than doubled their membership since they were instituted less than a year ago.

The Widows' and Orphans' Home fund is in a healthy condition. On September 30, 1903, the cash on hand was \$1,689.20. Since that time \$5,877.63 has been added to the fund, from different sources, and the total now is \$7,566.83. Of this amount \$6,000 has been invested and there was a deduction of \$205.61, leaving cash on hand, \$1,361.22. The investments have been made with various trust companies in different cities of the State and, in addition to the above investment of the past year, \$9,000 had been previously invested, making a total of \$16,361.22 now in this fund.

Judge William Beckner, Republican candidate for Attorney-General, is a very ill man at Martinsville, Ind., suffering from pneumonia and acute rheumatism. His physician thought he had passed the critical point at last accounts.

Winchester is in the midst of a severe water famine, and it has been necessary to close down the electric light plant and all public institutions where water is used.

Miss Margaret Gollenstein has accepted a position with the firm of D. Hunt & Son, and will be glad to see her friends when they need anything in the dry goods line.

The marriage of Miss Emma D. Gunn to Mr. W. J. Weimer will be solemnized at 2 o'clock this afternoon at the First Presbyterian Church, Rev. Dr. Barbour officiating.

The C. and O. depot and large freight house at South Portsmouth burned Monday night, together with a large amount of goods. The fire is thought to be of incendiary origin.

Messrs. John Gantley and John Laughlin, of Lewisburg, who have been prospecting in Minnesota for several weeks, are delighted with the country and expect to settle there permanently.

The judgment obtained by the Bay Bros. against the White Collar Line for \$3,829 claimed as a balance due on a contract, whereby they withdrew from the Cincinnati and Pomeroy river trade several years ago, after one of the most relentless rate wars in river history, has been affirmed. The contention of the Bay Brothers is sustained, but it is likely the case will be carried to the Supreme Court.

TOBACCO GROWERS.

About Four Thousand Acres of the Crop in This County Pledged to Association.

Higher Prices Assured—Another Meeting to Be Held Next Friday to Perfect Organization.

The recent meeting of the Mason County members of the Kentucky Tobacco Growers' Association was a large and enthusiastic one. Mr. W. Scott Osborne presided and Mr. T. L. Holton was Secretary. The speech of the day was made by State President W. B. Hawkins.

Messrs. Joel Laytham, of Mayslick, Scott Stevenson, of Murphysville, and Carey M. Devore, of Dover, were elected to represent the growers on the County Board of Control. Mr. Laytham, on account of his age, has declined to serve on this board. This necessitates another meeting of the growers to fill the vacancy and it has been called for Friday, Oct. 30th, at 10:30 a. m. at the court house, Maysville.

As soon as the board is completed it will elect an Inspector.

Nearly 500 farmers in this county have become members of the association, and about 4,000 acres of this years crop in the county is pledged to the association, the growers being thus assured of better prices.

Let all be present at the above announced meeting Friday morning.

IN SOCIAL CIRCLES.

Initial Meeting of the Saturday Card Club. Held Tuesday Afternoon at Mrs. Leigh W. Robertson's, a Delightful Affair.

Mrs. Leigh W. Robertson entertained with a most delightful card party yesterday afternoon. It was the first meeting of the Saturday Card Club, which is a four-table affair, composed of the following members: Mesdames Lehigh Robertson, Basil Duke, Ralph Dimmitt, John Hunt, Thomas Phister, Misses Bessie and Harriet Johnson, Mary Alter Barbour, Anne Delia Power, May Elgin, Lida and Florence Rogers, Anna Stubbs, Emma Campbell and Harriet Dobyns.

On yesterday the zest of the game was enjoyed by a number of other guests, among whom were Mrs. Augustine Reppes, of Lexington, M. E. Christian, Thomas Keith and J. Clarke Rogers, Maysville. Mrs. Rogers, Mrs. Keith and the Misses Johnson assisted in receiving and dispensing the hospitalities of the occasion.

The drawing room covered with linen, brilliantly lighted and artistically decorated with flowers, was open for the card contest. Supper was served in the dining room where a scheme of yellow was carried out in elaborate detail both in the decorations and refreshments.

Souvenirs in miniature card boxes were presented each guest, while Mrs. Hunt carried off the first prize, an original picture of Werner's. Miss Florence Rogers held the score entitling her to the silver wishbone for consolation.

If the success of the club can be measured by this first meeting, the winter holds a store of charm and entertainment for its members.

Mrs. Leigh W. Robertson has sent out cards for an "At Home" this afternoon. She will be assisted by Mrs. James A. Johnson, Mrs. C. D. Pearce, Mrs. Hiram Chenoweth, the Misses Johnson and Mrs. John M. Hunt.

A WOMAN'S CREDENTIALS

To society are signed by her shoes. No fashionableness of costume will cover a neglect of footwear. But with the feet and hands properly encased, she cannot go far wrong. How disappointing, after approving the details of a lady's dress, to spy a pair of rusty, dirty, unstylish shoes. It takes away all the charm. The one thing that such a woman needs is the style of a

shoe. Make this your passport and escape all criticism.

An Open Fireplace Has Charms

Which no one will question. The blazing wood, the crackling logs, carry us back to the way our ancestors spent their winter evenings. But the wide stone hearths and bare floors are no more. The carpet and comfortable rugs before the modern fireplace now are a source of danger as well as comfort. If you are fortunate enough to have a fireplace, get all the pleasure from it you can, but don't run the risk of a fire. If there are children, more is the reason why you should be careful.
